

**HOOD'S PILLS**

Remove the torpid liver, and cure biliousness, sick headache, jaundice, nausea, indigestion, etc. They are invaluable to prevent a cold or break up a fever. Mild, gentle, certain, they are worthy your confidence. Purely vegetable, they can be taken by children or delicate women. Price, 25c. at all medicine dealers or by mail of C. I. Hood & Co., Lowell, Mass.

**THE HERALD.**

**GREATEST WEEKLY**

**A FARM JOURNAL**

**Great Offer.** From now to Dec. 1903, Nearly 5 Years.

By special arrangement made with the publishers of the FARM JOURNAL we are enabled to offer that paper to every subscriber who pays for THE HERALD one year ahead for only \$1.00 both papers for the price of ours only; our paper one year and the FARM JOURNAL from now until December 1903, nearly 5 years. The FARM JOURNAL is an old established paper enjoying great popularity, one of the best and most useful farm papers published.

This offer should be accepted without delay.

Uncle Pres Trimble had a ham stolen from him on Monday night of last week.

Wiley Perkins attended court at Mt. Sterling on Monday, but did not take down any stock.

Nathan Hollon, of Lane, passed through here Saturday, en route to visit Harry Murphy, of the Murphy fork.

Harlan Power, of Salversville, spent Sunday night with his brother-in-law, Wiley Perkins, Lacy creek.

FOUND—A purse containing 55c and key. Owner can get by calling on John Davis and paying 10c for this notice.

H. F. Pieratt on Monday sold to Alex (Dob) Higgins, colored, a gray mare about 10 years old for \$32, equivalent to cash.

Red river was on a boom Monday and ties and staves are scattered from Lee City, in this county, to Clay City, Powell county.

The Day roller mill is this week up on grinding wheat for the first time since July, and part of that time the mill was run night and day.

**LOOK OUT** for the first signs of impure blood—Hood's Sarsaparilla is your safeguard. It will purify, enrich and vitalize your **BLOOD**.

Matt Sloan, the man who was hurt in the row at Lee City a week or so ago, was on Monday said to be better. Dr. Taulbee, his attending physician, was here on Monday, and so reported.

Eliza James last week sold to Monroe Nickell a strip of land, about three-fourths of an acre, lying in Dickville, and adjoining the property Mr. Nickell bought of F. M. Long for \$100 cash.

The John H. Morgan Camp, No. 1198, Frisco, California, has written that it will attend the Confederate Reunion, in Louisville, May 30-31, June 1-2-3. They are coming east and west and north and south.

F. M. Long last Friday sold his steam saw mill to J. B. Amyx, of Sellers, and the latter will remove it about May 1. Uncle Dick will first finish his contract with Henry Pieratt, which will take until that time.

Uncle Jeff Rose, of Stillwater, was here Saturday and said he was still a candidate for assessor and would announce in THE HERALD soon. When he does we will throw him a bouquet of sweet smelling flowers.

Sam Taulbee was in town Monday and told "our man about town" that the 60 hands at the tunnel near Major Taulbee's, through the ridge dividing Caney and Red river, are all lying idle and waiting for the sunshine.

Wiley Perkins had the good fortune to have his herd of cattle increased on Monday night by the birth of three male calves, and all of them deep red, without a white hair. You can't keep a good man down, nohow.

F. M. Long got judgment against N. L. Ware at the last term of the circuit court on a material lien, in the sum of \$236.60, and Commissioner Vansant offers the property for sale on Monday, April 2nd. Prof. Cord bought the property from Mr. Ware and now occupies it as a residence. But the presumption is that he will lose nothing in the transaction.

We this week mail THE HERALD to Geo. Taulbee, our former bright and interesting Lee City correspondent, who is now a corporal in Co. F, of the 12th United States infantry, and confidently expect to publish a letter from him at least once a month, or as often as he can get one to us. Such a letter would be especially interesting to the people of this section, and we suggest to him that he in such letter give a paragraph to each of the boys from this section who are now in the army around Manila. There are at least 20 or 30 boys from this and adjoining counties, and the people here would indeed be proud to hear from them as often as he could write. But George will realize the importance of this news and we shall expect a stunning letter every time he can write. Send one on receipt of this, George.

A telephone message was received at this place on Saturday morning, announcing the death of Mrs. Eliza Trimble on Friday night. Her death was very sudden and presumably from heart disease, but we are without particulars. Mrs. Trimble was the widow of Asbury Trimble, who was killed by Edward Hensley in this place in 1864, and was a brother of Uncle Pres. J. G. Frank, et al. Mrs. Trimble was also the mother of South Trimble, the present speaker of the house, and was a daughter of Jerry South, warden of the Kentucky penitentiary at Frankfort for several years.

On Friday night last some of the young people of our town gave Miss Cross, the music teacher at the academy, a little surprise party in the way of a candy pulling. The young men furnished the sugar and the young ladies by deft manipulation got it into toothsome candy, sweetly succulent. Those who participated were Misses Maggie Kash, Ora Swango and Nannie Bayes, the gentlemen being W. H. Kash, Curtis Rose, Sam Nickell and John Bayes. The scene of the event was the dormitory, mine host, Q. C. Daniel, and all went merry as a marriage bell.

Some thief entered the residence of Preacher Pike, on Sunday night the 11th inst., and stole three hams. They effected an entrance through a window that had a light broken out and a piece of cloth tacked over it. Mr. Pike thinks the culprit was a boy or a woman, as the tracks were smaller than a man would make. The general opinion, and we heartily endorse it, is that a man who would steal from a poor preacher dependent upon his parishioners for a support, would commit any crime in the calendar—do anything that is mean—even to throwing rocks at his grandmother.

A new law firm has just been formed in our town, the title of which is Kash & Kash, and the star performers are Rollin A. Kash and Wm. H. Kash. The first named gentleman slung his shingle to the breeze a year or so since, but the latter was only recently admitted to the bar. These young men are both capable and deserving disciples of Blackstone, and should receive a fair share of the patronage of this section. By their card in this paper it will be seen that they make collections a specialty, and non residents will do well to communicate with them.

The time of all who subscribed for THE HERALD March 4, is now out and they are respectfully urged to renew at once and take advantage of our club rate with the Twice-a-Week Courier-Journal for 12 months, the Farm Journal, every month until end of December, 1904, and THE HERALD for 12 months, **ALL FOR \$1**

Tom Graham, who moved from Gilmore creek to Floyd, Hunt county Texas, some five years ago, paid a flying visit to his old home last week, arriving on Wednesday and leaving on Friday. He had been to Virginia on business, and coming back by way of Lexington, he felt that he could not resist the temptation to pay his old neighborhood a visit, and therefore ran in as stated. He likes his western home very well, but says a man has to hustle. His wife is becoming reconciled to the situation, though until recently she was never satisfied. Tom says he planted six acres of oats and after selling \$90 worth still had sufficient left for seed.

The amount required to keep the academy at Hazel Green, about \$1,000, was subscribed on Monday and when counted up was found to exceed that sum. Our people are slow to move, but when once aroused will contribute liberally as the excess in this instance demonstrates. The matter now goes before the national board of the C. W. B. M. at Indianapolis for final adjustment, and it is confidently hoped and believed that, considering the fact that the school was founded and has grown up at this place and is so well and favorably known throughout the length and breadth of the land, Hazel Green will retain it. Tell it to the people everywhere.

Mrs. Emily Lacy on Sunday killed a fat hen that had formerly been an extraordinary good layer. Thinking to ascertain the reason she had ceased to lay while in apparent good health, she made a close examination while dressing her to cook, and discovered a needle lying crosswise of the egg bag. That, of course, was the impediment to her usefulness, but it in no wise detracted from her edible qualities as a dinner dish, for she was as fat as could be.

"An Old Friend" is the title of Truth's supplement for March. This fine picture is a reproduction from the original painting by William Verplanck Birney, and is charming not only by reason of its sentiment, but because it is thoroughly characteristic of this painter's vigorous work. In size the picture is 17 1/2 by 25, and is printed on heavy, rough coated paper, suitable for framing.

**HAZEL GREEN COLLEGE.**

BY SAM WILSON.

You may talk about your colleges  
Where knowledge most profound  
Is stamped upon the pupil's mind  
In cities much renowned.  
But grander far is one I know  
That decks the mountain scene,  
And has ever been the beacon light  
Of dear old Hazel Green.

It is a school where every youth  
Can on life's after morn  
Point back with pride to where their  
Thoughts, refined, were born.  
And bless the hour when they first bathed  
In wisdom's well, serene,  
And drank at fountains of learning from  
The college of Hazel Green.

Still let its glories ever spread  
Throughout Kentucky's clime,  
Still let it be our pure delight  
And principle divine,  
Still let its teachings be to all  
The purest, brightest beam,  
Still let us strive to keep it here—  
The college of Hazel Green.

The boys and girls should read the Farm Journal. It will help keep them on the farm. We will send it five years, the remainder of 1900 and all of 1901, 1902, 1903 and 1904, to every one who will subscribe for THE HERALD; both papers at the price of ours only.

Judge G. B. Swango attended the burial of Gov. Goebel at Frankfort last week, and was one of the few permitted to see the face of the dead statesman. He also acted as pall bearer in moving the remains from the vault to the grave.

F. M. Long last week sold a house and lot in Dickville, a suburb of Hazel Green, to Monroe Nickell. The house contains five rooms and the lot is about 80x30 feet. Consideration \$200.

Willie Alexander on Monday bought of J. T. Day a pair of dun mare mules, four and five years old and full sisters, for \$150 cash. This was perhaps the best matched pair of mules in Eastern Kentucky, if not in the state, and they stood 15 and 15 1/2 hands high, respectively.

Mrs. Holly Nickell, of Gilmore creek, was reported sick on Monday. "Our man about town" did not learn the nature of her illness, but she was sufficiently so to require the services of a physician, and Railroad Physician Taulbee was called to see her.

Agents on salary \$15.00 per week and expenses; the greatest agent seller ever produced; every stock and poultry raiser buys it on sight. Hustlers wanted. Reference. Address, with stamp, American Mfg. Co., Terre Haute, Ind. tf.

All who desire to wear nicely laundered shirts, collars, cuffs, etc., should call on Robert Cord, agent for the Lexington Steam Laundry, the work of which is superior to that of any laundry in the state. tf.

Prevention is better than cure. Keep your blood pure, your appetite good and your digestion perfect by taking Hood's Sarsaparilla.

Hood's Pills act harmoniously with Hood's Sarsaparilla, gentle, efficient.

**OUR GLORIOUS COUNTRY.**

Have you watched its marvelous growth? If not, The Weekly Enquirer wants to study the strides it has made. The first census of the United States was taken in 1810. Since then every succeeding ten years. The result has been as follows:

Year.	Population.	Year.	Population.
1810.....	7,239,981	1860.....	31,443,321
1820.....	9,633,822	1870.....	38,558,371
1830.....	12,866,020	1880.....	50,155,783
1840.....	17,069,453	1890.....	62,622,250
1850.....	23,191,876		

Here you have the figures of a basis of calculation. The problem now is: What will be the population of the United States, excluding recent acquisitions. The result is usually announced in July of the census year.

THE WEEKLY ENQUIRER is anxious to engage all in a study of their country. To this end it will distribute cash amounting to \$25,000, for solutions received of the population of the United States Census, as follows:

To the first nearest correct guess received.	\$3,000.00
To the second.....	1,500.00
To the third.....	750.00
To the fourth.....	500.00
To the fifth.....	250.00
To the sixth.....	200.00
To the seventh.....	150.00
To the next 10, each \$100, amounting to.	1,000.00
To the next 50, each \$50, amounting to.	2,500.00
To the next 100, each \$25, amounting to.	2,500.00
To the next 500, each \$10, amounting to.	5,000.00
To the next 1,000, each \$5, amounting to.	7,500.00

2197 cash presents amounting to \$25,000.00

In case of a tie, money equally divided.

Every guess on the above proposition must be accompanied by a year's subscription to THE WEEKLY ENQUIRER. You can guess as often as you care to inclose subscription price to the WEEKLY ENQUIRER.

This contest will close a month before the result of the census will be known and officially certified by the Director of the United States Census at Washington, D. C.

Subscription price for the WEEKLY ENQUIRER (including guess) is only \$1.00 a year. Eleven copies and eleven guesses for \$10.00. For full particulars see WEEKLY ENQUIRER. Send all orders to ENQUIRER CO., Cincinnati, Ohio.

**DR. BELL'S PINE-TAR-HONEY**

"Ring out the old Ring in the new  
Ring out the false Ring in the true"

We bring to you the new and true from the piney forests of Norway

**DR. BELL'S Pine-Tar-Honey**

Nature's most natural remedy, improved by science to a Pleasant, Permanent, Positive Cure for coughs, colds and all inflamed surfaces of the Lungs and Bronchial Tubes.

The sore, weary cough-worn Lungs are exhausted; the microbe-bearing mucus is cut out; the cause of that tickling is removed, and the inflamed membranes are healed and soothed so that there is no inclination to cough.

**SOLD BY ALL GOOD DRUGGISTS**  
Bottles Only. 25c., 50c. and \$1.00 Sizes  
**BE SURE YOU GET**
